,unable to boot into safemode virus trojan spyware

april 30th, 2018 - unable to boot into safemode posted in virus trojan spyware and malware removal logs helloi recently came infected with antimalware doctor i thought i had removed this problem i recently ran a sacn with tdds killer and i got

an error stpd sys ids a locked suspisious file so i removed it but then realised it was part of alchol 120,,**Hijackthis Log File Seite 3**

April 6th, 2018 - Hallo Burkhard Ich Denke Die Kannst Du Alle Löschen Evtl Erstmal Alle Datei In Einen Neu Erstellten Ordner Namens Boese Verschieben'
